**Version:** v1.1

- 
- What:** Powerized Review Meeting at Budapest, HU  
**Who:** General Assembly of Powerized & Guests  
**Where:** Budapest University of Technology & Economics (BME)
- 

### Purpose:

The 2nd Review Meeting of Powerized, a jointly funded EU collaborative project, will focus on evaluating the progress towards developing breakthrough technologies in digitized and intelligent power electronics. This meeting aims to review key deliverables, assess the alignment of project outcomes with the initial objectives, and ensure compliance with EU guidelines. Partners will present their advancements, discuss challenges, and strategize on upcoming tasks, focusing on cross-domain collaboration and the exploitation of key results to maximize the project's impact in the field of energy-efficient power electronics.
